

Weekly Prayer Diary – 26th February 2021

Let your unfailing love surround us, Lord,
for our hope is in you alone.
Psalm 33v22

- Praying for those on the frontline

Grace and Love

Lord, we pray for your love to surround all those who are on the frontline during this pandemic.

There are far too many to mention.

Thousands are working beyond their own strength to offer care, compassion and help to others.

Some will be known to us.

May your grace and love surround and sustain each one.

In Jesus' name,

Amen

Take time to pray for your local hospital.

Safety

Lord, many of those on the front line have contracted the virus.

They are dealing with the most vulnerable and desperate and ill people,

Yet still trying to remain safe.

Lord, we pray for protection and for wisdom.

Keep staff safe we pray.

In Jesus' name,

Amen

Take time in silence to pray for those with the virus.

Praying for Mozambique

We support in prayer Mark and Susanna Barrell who work for BMS in Mozambique. Currently they are in the UK as Susanna has had surgery. Mozambique has suffered in many ways due to natural and man made disasters.

The Islamic State has taken a firm grip on territory in Mozambique, they have killed and kidnapped thousands since 2017.

Trans World Radio (TWR) broadcasta into the troubled areas but also provides support for refugees. Please pray for their work.

The Leprosy Mission also works in Mozambique and here are some prayer points from them.

- Pray for the safety of our staff and government health workers who risk their lives each day to reach people affected by leprosy. Pray for God's protection as they travel to remote villages to give the cure for leprosy and lifechanging care. Please pray for an end to the violence and for peace to prevail.
- Pray for the Covid-19 situation in Mozambique which has seen a rising tide of the South African variant. Please ask God that those needing medical treatment will be able access care.
- Pray for a good harvest for the people of Cabo Delgado who mainly survive through subsistence farming. Presently it is the 'hungry' season ahead of the harvest in Mozambique. Many farmers are still recovering from the devastation and flooding caused by Cyclone Kenneth and Cyclone Idai in 2019. Please ask God for opportunities for communities affected by leprosy to market any surplus crops they may have to increase food security.
- Pray for the those who have had to flee their homes and communities to escape the violence. Please ask God to bless the work of The Leprosy Mission and the churches in helping to feed and support those left homeless and traumatised by the insurgency. Please pray they have all they need to rebuild their lives.

We pray for families and children who see their crops fail because of storms, floods and drought and who live from day to day not knowing from where their next meal will come.
We pray for world leaders and scientists – having seen how politicians are able to respond to emergencies like Covid-19 with substantial funding and support – we pray that they will also respond to the climate emergency with the same level of speed, commitment and investment to enable countries to recover from the pandemic.

The Deacons will meet via Zoom on Saturday 6th March in the morning to look primarily at the Church Structures and then on Monday, 15th March in the evening. Please pray for them as they discuss and make decisions about the way forward.
