PRAYER for the NHS (from 24/7 Prayer)

www.24-7prayer.com

Compassionate God, we thank you for the NHS.

We pray for all those who serve and care for the sick.

May they have space to process everything from the past year, knowing Your healing, protection and refreshment.

Help those who are struggling with mental ill-health, and provide them with Your peace.

May you give rest to those who are weary, power to those who are weak and hope even in the most difficult situations.

Prayer Points

- That the current spike in cases would stop rising and that infections would decrease
- For energy and strength for fatigued members of staff
- Where the uptake of the vaccinations has stalled for an increase in people coming forward
- For wisdom for those making decisions about how best to deploy the resource of the NHS and other care providers
